Sunbury Golf Club Risk Assessment – The Golf

	Hazard	Who Might Be Harmed?		How Is The Risk Controlled?	Risk Factor
---	--------	----------------------	---	-----------------------------	-------------

General Overview of Course Risks					
1.	Typical hazards encountered on a Golf Course.	Golfers, Greens Staff and spectators.		Strict adherence to the Rules and Etiquette of Golf, observe all signs and be aware of rules concerning cessation of play in dangerous weather or conditions.	Low
2.	Teeing Off Miss hit Tee shot to right or left	Other Golfers on adjacent greens, fairways, or paths		Don't tee off until you are sure that the group in front are out of range. Don't tee off if any of your playing partners are standing forward of you. Don't tee off if anyone is walking toward the tee from any adjacent holes. Don't stand forward of a player teeing off. Don't walk towards a tee when someone is preparing to drive Pay attention when playing shot and shout fore if ball drifts to left or right and there is any likelihood of hitting someone.	Medium
3.	Rights of way	Members of public and dog walkers on paths or fairways		Pay attention when playing shot and shout fore if ball drifts to left or right and there is any likelihood of hitting someone.	Medium
4.	Fairway to Green	Other Golfers		Don't take a shot until you are sure that the group in front are out of range. Don't take a shot if your playing partners are forward of you and in range. Stand in a safe position when a playing partner is taking a shot	Medium
5.	Miss hit approach shot to green	Players on adjacent holes		Be aware of players in this area and shout fore if hitting to left or right past green and there is any likelihood of hitting someone.	Medium
6.	Streams, Riverbeds, Ponds Lakes	All Golfers		Be aware of the dangers of streams, riverbeds (wet or dry, muddy areas), lakes, ponds including slipping down banks, deep water and slippery bridges. Don't step onto frozen water. Use ball retrievers whenever possible. Appropriate holes on 18 hole: 6, 7, 8, 10, 11, 12, 13, 14, 16 & 17. Appropriate holes on 9 hole: 7 & 8,	Medium
7.	Hidden Greens	Other Golfers, Greens Staff		Don't play to Greens until you are sure that the group in front have left. Greens that may be hidden from view for approach shot are holes – none.	Low

Sunbury Golf Club Risk Assessment – The Golf

 Hazard	 Who Might Be Harmed?	 How Is The Risk Controlled?	 Risk Factor
---	--------------------------	--	-----------------

The Course may be closed when extreme or adverse weather conditions mean it is dangerous to play or damage to the course would result if play were permitted. Such conditions could cause greens to become waterlogged, the course flooded, covered in snow or poor visibility due to fog. The decision to close the course is made by the **Course Manager** in consultation with the **General Manager** or the **Sunbury Staff**.

The procedure for closing the course will be as follows: The **Course Manager** will ring the **General Manager** or **Sunbury Staff** and inform them. The **Course Manager** will put up 'Course Closed' signs and the **Sunbury Staff** will update the web site **Course Status**.

FOG AND LOW CLOUD POLICY

The Marker Post to the left of the 1st fairway is clearly visible during normal conditions. In conditions of low cloud or fog when the Marker Post is not visible the **Management** may close the course. No players should attempt to play in those conditions. If there is a need to stop play due to low cloud or fog the **Sunbury Staff** will sound a long blast of the Klaxon. Players should return safely to the Clubhouse. Resumption of play will be signalled by two short blasts on the klaxon.

LIGHTNING POLICY

In the event of a lightning strike being seen within the vicinity of the Golf Club the **General Manager** or the **Sunbury Staff** will close the course by sounding a long blast on the Klaxon. When a lightning storm has been seen in the course vicinity, no play is to commence until a period of 15 minutes from the last lightning strike/clap of thunder. Play will resume after two short blasts of the Klaxon. Three long blasts indicate complete abandonment of play.

If the **General Manager** or the **Sunbury Staff** is unavailable it is incumbent upon each **Player** to assess the risks and ensure that they take appropriate measures to ensure safe passage from the course in the event of Fog or Lightning.

COMPETITIONS

During a Club competition the **Competition Organiser** in conjunction with the **General Manager** or the **Sunbury Staff** may close the course if it is considered the course has become unsuitable for play. In the event that the **Competition Organiser**, **General Manager** or **Sunbury Staff** is unavailable it is incumbent upon each **Player** to assess the risk and ensure that they take appropriate measures to ensure safe passage from the course.

Players should make themselves fully conversant with the rules of the competition in which they are playing. E.g. in some competitions a cessation of play may also mean the abandonment of that particular competition. In other competitions such as Opens or Invitation Days, the competition may be recommenced if and when conditions allow. In such circumstances players must mark the position of their ball in the correct manner, otherwise a penalty or disqualification will result.

The cease play signal is a long blast, and players should mark their ball and find somewhere safe to shelter. The all-clear signal is two short blasts, and if it sounds then play can resume. If this has not been sounded within ½ hour then play must be abandoned. Three long blasts indicate complete abandonment.
